Camille farm build guide

mobility and kit to beat Camille. In addition, it does not leave any chance for the enemy to escape you. Peel for your transport and Peeling is another term to protect. This works best when the enemy is going to hit a minimum time, especially when it is a shingle of a fall. 2, tattatic sweep, it is also a great way to harass the enemy and heal himself. Refill with Teleport Enchant to increase your divided thrust potential. Your 3rd, Apprehend can easily counteract your 3rd, Hookshot and you can avoid its ending, a. Noxian GuillotineA, using its end, but will not put its end in the reuse time, which means that you are buying another second of his life if he avoided his end that he can simply re-st-here are some pros and cons if you are playing with Camille at Wild Rift. Camille is a versatile champion that can fit almost all types of Compositions of equipment. After the first release, she walks towards the enemy champion to intimidate them away from the lane. The update with the GLORIOUS It is also viable for a more aggressive game style.
